

Adventure Art Competition

ROKT Climbing Gym is running an Adventure Art Competition for all Year 5's throughout West Yorkshire.

We will find the six best works of art from your schools and they will be displayed on the ROKT website, the ROKT Facebook page and at ROKT Climbing Gym, Brighouse. Those six winners will also get to take part in a free ROKT Experience allowing them to try bouldering around the most innovative Multi-Activity and Climbing Centre in the UK; this is followed by climbing in our utterly unique climbing silos which tower to a massive 16.5 metres.

During the ROKT Experience the pupils will receive a certificate and professional photo of them whilst at ROKT. In addition the school will receive a short Promotional Video documenting the group's time at ROKT.

So what do you have to do?

Not a-lot;

ROKT staff will come and present the competition and prizes at one of your year 5 assemblies sometime in December, all we do ask is that you can collect the art work in on the 30th January and then we will come and collect it. Once the 6 winners have been decided we will organise the ROKT experience with the parents.

The Competition Brief

Create an A4 sized piece of Art inspired by EXTREAME SPORTS.

This can be in any medium of Art and will be judged by ROKT's very own Adventure Cameraman Ian Burton.

All Art work must be received by 30th January and will be judged by the 10th February.

The winners will then be contacted and the free ROKT experience will be organised.

The Small Print

The judge's decision is final. All artwork entered into the competition, belongs entirely and solely to ROKT LTD. Only the 6 Winners can take part in the ROKT Experience. If children cannot make the arranged climbing session then the session will go ahead regardless and is not redeemable in anyway.. The ROKT experience is 1hour and 15 mins maximum and follows the guidelines of our ROKT Taster sessions. The children will require a parental consent form for the climbing, failure to provide the form will result in the child not being permitted to take part. Additional Parental consent is needed for the photos and videos. If consent is given, photos and videos taken at ROKT Climbing Gym can be used by ROKT LTD in any promotional materials.
